SAW THE MURDER AND FLED.

Etriker Coughlin Was an Eye-Witness of the Killing of Arnold.

Important Evidence Expected at the Inquest to Be Held by Coroner Meiners.

SPECIAL TO THE EVENING WORKS, Long Island City, March 29.—Capt. Wood and the police of the Second Precinct are still conducting a vigorous search for Coughlin, the striker who is alleged to be the accomplice of Harry Riggins, the man accused of statining Detective Bertrand C. Arnold to death near the Simonds Stove

Incidentally, the officers are looking to two or three more witnesses, and they had oped to have all these men in custody for the inquest which Coroner W. Warner Meiners set down for 2 o'clock this afternoon at the City Hall, but their efforts have been in

George McConkey, another striker detained as a witness, says he saw the assault, but when he discovered that murder was to be done turned his head and did not see the fatal blow struck.

The police declare that both Higgins and Coughlin were drunk. When the latter saw that their victim was dying he fled, fearing doubtless that he could not prove his innocence of murderous intent. He lives in day may result as follows: Twelfth street, and came here from Connecticut. He has not been seen since the murder, and the police believe he has left the State. They are confident, however, that they will yet capture him.

Higgins, of whose guilt Capt. Wood and er Meiners are firmly convinced, is ocked up in the County Jail, and although he appears more nervous and ill at case that he appears more nervous and ill at ease than when first arrested, he still firmly protests that he is innocent of Arnold's murder.

Before he was taken to the jail yesterday his wife, a pleasant-faced little woman, called to see him. She had read of his arrest in the newspapers the morning after his departure with the officers from his home, 439 Tenth avenue, New York, when he told her he was going to attend a meeting of the strikers.

When she learned that he was at the police station she quietly departed and did not return. Neither would she tell sheriff Norton her name.

The dead body of Detective Arnold is to-day at Conway's Morgue on Front street. No one has offered to bury it, not even his mother, who has been telegraphed to at North Grosvonordale, Mass., or the Hammond Detective Agency, in whose employ he was when he met his death.

Supt. E. G. Hammond, of the Detective Agency, has intimated that the Simonds Stoye Company would bury the dead man. But so one has yet spoken to Undertaker Conway about it, and he cays he will bury the body in Potter's Field unless some one that me for the property.
